Issue 29 - Summer Term '25

"How precious to me are your thoughts, O God! How vast the sum of them! Were I to count them, they would outnumber the grains of sand." Psalm 139 v17-18

HEADTEACHER'S COMMENTS

The school year looks set to finish in scorching weather, which has been a theme of this summer term. A huge well done to all our pupils for keeping on going during the periods of intense heat, not to mention the staff who continue to provide a great school experience for all at The King's School. The unusual temperatures have not been the only challenge for us all this year, with VAT putting the strain on those paying fees and other changes bringing pressure on school finances. Despite this, we have had an amazing few months, full of exciting trips, sporting opportunities and school events, not to mention the safe navigation of exam season – thank you to all of you who volunteered to invigilate. I pray every blessing on you all over the holiday period and look forward to welcoming you back in September!

Trip to the Farm

Foundation and Key Stage 1 enjoyed an exciting day out at Willows Farm. While there, we fed the animals including goats, sheep, pigs and donkeys. We cheered on our chosen sheep in the sheep race, found out about cows and watched one being milked, had a tractor ride and used up loads of energy on the climbing frames, bouncy castles and indoor play area. It was a wonderful action-packed day for everyone!

Birds of Prey Assembly

The Primary School had a visit from Herrings Green Farm, home of the English Falconry Centre. We have enjoyed many visits from the falconers over the years and this was no different. We had four birds join us for the day; a little owl, a barn owl, a kestrel and a Chilean Eagle (pictured). Each class had the opportunity to listen to the falconer as he gave lots of information about these wonderful birds. We learned that barn owls have silent flight to help them catch their prey at nighttime. However, we also learned that the barn owl who visited us, who was called Jelly, had a very loud voice and liked to be heard! This was a great experience for all the children, and we were very fortunate to each have a turn at holding the birds. What incredible creatures!

Super Me Drawing Competition

The Year 2 class recently participated in a drawing competition. The theme was Super Me! This brought out the creative talents of each student. They enjoyed drawing themselves in Superhero mode!

School Trip to Willen Lake and Top Jump—Written by Lydia McEachran, Year 4

First of all, we jumped excitedly into three school buses – all of years 3, 4, 5 and 6! Then we all headed off to beautiful Willen Lake, it's water sparkling in the sunlight. After we had all got out of the boiling minibuses, everyone was excited because we had seen the huge, fun playground. We played for a while, having so much fun racing around, so much that we were all extremely hot from the burning sun! Everyone ate their snack and lunch between tons and tons of fun, hot and challenging playing.

Soon after we had finished our lunch, we were called to excitedly walk back round to our even hotter-than-before minibuses. It took about five minutes to drive round the lake to Top Jump. When we arrived at Top Jump we all got out of the minibuses, trooped inside, and arranged ourselves in a big group.

The men who ran the Top Jump began to call out the names of the people whose parents had signed the paper to say they knew the risk their children were taking when they were doing the super fun Top Jump. Then, we all got a white wristband and a fun pair of Top Jump socks. We put our shoes and socks in these movable boxes with four different coloured wristbands on their handles. In groups we went to watch the safety video telling you what each obstacle was called and safety instructions for each one.

When we were allowed onto the course, we all ran screaming and shouting excitedly towards the entrance of the Top Jump! Everyone had such a fun time, and we enjoyed the experience. Lots of people fell asleep on the buses home! It was a great day.

Year 7 Trip to Parliament

In April, Year 7 enjoyed a trip to the Houses of Parliament as part of our LifeWISE learning about democracy. We travelled from Harpenden to Westminster by train and tube, arriving in time for a packed lunch in Victoria Gardens, beside the River Thames. Once inside Westminster Palace, the House of Commons was inaccessible to the public due to Prime Minister's Questions (PMQs), but our tour guides took us into the House of Lords chamber. We were soon moved on because a debate was to be held shortly and security checks, including sniffer dogs, were necessary in the chamber. We saw a number of members of the House of Lords gathering, though. We also saw some members of the government in Central Lobby, after PMQs had finished, so we experienced something of a working day in the Houses of Parliament! Our tour finished in Westminster Hall, where monarchs and famous people have made speeches over the centuries. After our tour, we took part in a workshop where we proposed petitions for aspects of public life, including one calling for a ban on plastic water bottles on the school premises - watch this space!

Year 11 Leavers' Events

Year 11 Leavers' Day on 2nd May was a colourful affair like last year, with the pupils again choosing different coloured Leavers Hoodies. The class followed tradition and showed us a reel of baby photos in the Leavers' assembly, which was followed by the annual Volleyball match against the staff. A close first game was edged by the pupils, who then took an unassailable 2-0 lead with a strong second game before the staff saved some blushes winning the final game. The Year 11s then went on to Mrs Hart's house for their traditional garden party. Thank you to Mrs Hart for hosting once again.

After five weeks of exams, our Leavers 2025 then returned to site at 7pm on Thursday 26th June dressed in their finery for their Leavers' dinner. Like last year it was blustery but sunny and the Year 10 class had planned a lovely evening, set in a beautifully decorated marquee on the lawn. A range of tasty starters were enjoyed, washed down by various flavours of fruit punch, as the pupils and staff chatted together. We then sat down for BBQ food and delicious desserts made by the Year 10 Food Prep class, before speeches by Mr Reeves and Ms Townsend, either side of an emotional farewell from Jasmine and Olivia. A fitting finale to the Year 11's time at the school. Thank you to all involved, especially the planning team within the Year 10 class, ably supported by Mrs Lees, Ms Oduro, Mr Hawkins and Mrs Hart; Mrs Abiaka, Mr Clifford and all involved in the catering; all the Year 10s who served us so well on the night. A lovely evening.

D of E

For the first time we have had some pupils going through the Duke of Edinburgh award this year. Three Year 10 pupils (Alethea, Megan & Carter) enrolled for their Bronze award back in January, through the Hertfordshire virtual scheme. They have to do stints of learning a skill, sustaining a regular physical activity and a period of voluntary commitment, as well as the toughest challenge – the two day expedition. For this, we linked them up with a group at St George's School and they formed a joint team of 7, battling the sweltering conditions in June (practice expedition) and July (assessed expedition) to successfully complete this part of the award. Well done to all three pupils and we hope this will be the first of many groups to undertake this rewarding programme.

This term in Year 2, we had a lot of fun learning about seeds and bulbs and parts of a plant we can eat. The theme was Grow Seed Grow! We had an opportunity to connect with nature, learn about plants, and understand the importance of composting and caring for our plants.

We planted onions; African yam and we got some pots of germinated tomatoes added to the garden. We nurtured and measured how tall they grew each week. The weather was kind to our plants too! We look forward to having tomato and onion soup for dinner! We also enjoyed writing our own original stories about our gardens!

ISA 5-a-side Football

ISA 5-a-side Football

Mr Reeves & Mr Kolawole took a team of footballers from Year 2 to Barnet Powerleague on 15th May for a 5-a-side tournament against other ISA London North schools. It was great fun as we played in a group with 5 other teams, gaining two big wins, a draw and 2 defeats, scoring lots of great goals in the process. All the outfield players chipped in, including Tiiana, who showed great athleticism, fab finishing from Arlo and great ball skill from Ezra. Valentino was a reliable goalkeeper throughout the tournament. We fell at the quarter-final stage, against a team who had a mini-Messi in their ranks!

ISA Multi-skills Festival

ISA Multi Skills Festival

Our Year 2 class, accompanied by Mr Reeves and Mrs Edmonds, took part in the annual ISA London North multi-skills sports festival on 10th June. They had a brilliant day, in what is becoming a firm favourite amongst the pupils each year. The group split into two teams, the boys being pictured here on the tug-of-war challenge. They progressed through a carousel of sporting challenges and games, facing different schools each time, with over 30 teams taking part. The event finished with a series of a sprint races on the athletics track, followed by medal presentations. Well done to the whole Year 2 class (pictured with their medals) for representing our school with such great skill and attitude.

Tri Golf

Once again the Year 3 & 4 pupils had an amazing time taking part in a number of Tri Golf activities at Roundwood Park School . They all did very well and we are so proud of them as they were acknowledged for displaying the best sportsmanship!

School Sports Day

School Sports Day

Due to a track double booking our Senior Sports Day made a late move to Thursday 19th June. Thank you to all who made it to Stockwood Park to cheer on the pupils from Years 5-10 as they competed on another hot day in the sun. Record performances are hard to come by as the pupils all do multiple events during the two hour competition. Nevertheless, there were five championship bests this year, all from the Y7/8 age group: Nneoma in the 80m, Eliya in the 300m, Matthew in the Shot, Jaden in the High Jump and the Campbell girls relay team. All but one of these pupils is from Campbell, but it was Jaden's Bunyan team who showed the strength in depth and came out on top in the end, winning for the third year in a row, with a comfortable margin of 21 pts over Campbell. Megan (Bunyan House Captain) is shown receiving the golden shoe trophy from Mrs Norling.

ISA Regional Athletics

On Thursday 22nd May we took two minibuses to Bedford International Athletics stadium for the ISA Regional (London North) athletics championships. With events for pupils from Year 4 through to Year 11, it was a busy day, with hundreds of competitors from many different schools vying to win their event and thus qualify for the national champs. Despite taking a smaller team of 30 athletes this year, our pupils still had great success, with 9 qualifying to represent our region at the National champs in June. Many others also got personal best performances, as our athletes brought out their best at competition time. Some of our medallists are pictured, with our first ever relay team gold medal for the Year 7 girls (Nneoma, Florence, Daniella and Arit). This was a third gold of the day for Arit, who also won the 100m and Long Jump. Nneoma triumphed in the 200m, whilst Isaac (also in the pic) won the Y6 80m sprint and qualified for the relay. Piers (Y4) won gold in the 60m and three other sprinters made it to Birmingham, qualifying for their respective combined relay teams: Eri (Y4), Marie (Y5) & Oscar (Y5). Well done everyone for a great day of track & field!

ISA Regional Athletics

District Champs

District Champs

This year's district athletics champs moved to Jarman Park, Hemel, on Thursday 12th June, and saw 22 of our Secondary pupils competing against the best from the large secondary schools in St Albans & Harpenden. A special mention this year must go to two pupils. Firstly, Arit (Y7), who broke the district record for 200m twice in one day! She won the heats in 27.5, taking a huge 0.7 secs off the previous record, and then topped that with 27.4 in the final (pictured). An amazing achievement considering she also ran in the relay heats and final and competed in the long jump! Secondly, Matthew (Y8) took double gold, winning his first ever Triple Jump competition by over 1m and matching Arit's feat by storming home in the 200m (pictured). A brilliant effort! There was also a bronze for Nneoma (Y7 – pictured) in the 100m and a silver medal for the Y7 relay team (pictured), our first ever district relay medal! Well done to all who took part.

ISA National Champs

ISA National Champs

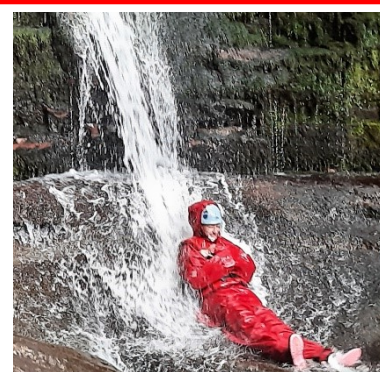

Another trip to the fantastic Alexander Stadium was the reward for our regional qualifiers (pictured), as we ventured up the M1 & M6 on Monday 16th June for the ISA National champs. Six hours of competition began with a Para athletes race at 12pm, with Alex Bell (GB 800m runner) presenting the medals throughout the day. Our group of 9 had a great day and all performed really well, in what is a high level of competition.

Arit (Y7 - pictured) had another very successful comp, winning the 100m to pick up our 5th Gold medal since we began competing in 2018 – a great effort for a small school like ours, considering ISA has over 600 schools in its membership! Later in the afternoon a 6th Gold was added to our cumulative tally as Marie (Y5 - pictured) helped her 4x100m relay team to 1st place. There were also relay medals for Oscar (Y5 – Silver) and Isaac (Y6 – Bronze) as well as a bronze for Arit in the Long Jump. Well done to all involved and thank you to our support squad of Mrs Ball & Mrs McPherson.

Christian Schools Sports Day

Every year our school organises an athletics meet for Christian schools from around the country. Two (Witney & Southampton) are a similar size to our school, with 7 other smaller schools of various sizes. It is a day where there are impressive, competitive performances mixed with a great atmosphere and where every runner is cheered to the line. Our pupils really enjoy meeting those from other Christian schools, and this year was no different, as our team of 41 pupils competed across the three age ranges: Y5/6, Y7/8 and Y9-11. After many years of winning most of the trophies, as we did most recently in 2023, the scores have generally been more even over the last five years, and it was last year's champs from Witney, near Oxford, that took most of the trophies home this year. Our Inter girls won their age category and there were many notable individual performances, including new championship records for Arit (100m – 12.8secs) and Matthew (200m - 24.2secs).

Y9 Trip to Wales

Year 9 had a lovely week of activities in Wales back in May. It stayed dry all week, which was a blessing, with cooler temperatures to begin with, before it warmed up as the week progressed. We began with climbing on the sheer rock faces that tower up from the River Wye, as it meanders on its way to Chepstow. Day Two saw the group take on a 5 hour circular walk, that took in the peaks of Corn Du and Pen-y-Fan (pictured), the latter being the highest peak in southern Britain. After having great fun playing at a local park in the evening, we enjoyed a curry and evening bible studies. The pupils helped with the cooking all week and did a great job. Thursday began with abseiling and then a drive back to the Brecon Beacons for Gorge Walking (pictured), which was the favourite activity for many. We capped off a great trip with a stunning canoe journey, seeing herons, salmon and nesting swans as we navigated the River Wye from Monmouth to Whitebrook. You can see the whole group pictured on the canoe trip, on a rock in the middle of the river!

Secondary Summer Concert

On a very warm, beautiful June evening, secondary students and their families came together for the summer concert. There was a wonderful variety of performances, showcasing soloists, duets and groups performing a real mix of genres and styles. The audience enjoyed not just musical items but dance and artwork as well, with each performance being met with enthusiastic applause. A huge thank you and well done to all the students who blessed us by sharing their wonderful gifts!

Hydraulic Moving Creatures - Year 3 D&T

As part of their DT learning, Year 3 students designed and built moving monster and animal models using simple hydraulic systems. By connecting syringes with tubing, they created pneumatic mechanisms that allowed the mouths of their creatures to open and close. This hands-on project introduced basic engineering concepts while encouraging creativity and problem-solving.

Work Day

Thank you to everyone who came to help at our Work Day on 17th May. It was a busy morning, with beds weeded, fences and play equipment painted and debris cleared in various parts of the site. We spent some time getting the gardening area clear and ready to use, helping prepare the raised beds that have been recently re-built by the Year 8 D&T class. The sun came out for our BBQ together afterwards – thank you to the Hughes family for the lovely food.

Art Trip to the V&A - Written by Neve Janbey Y9

On the 25th of June 2025, the class and I were able to get the opportunity to experience an educative, inspiring, and exhilarating trip to the Victoria and Albert Museum in South Kensington. From the moment I walked into school I could feel liveliness and exuberance within me as it was the first time I have been to a big London Museum such as this one.

Whilst I thoroughly loved the atmosphere and the outstanding artwork around the museum, I found that the journey was definitely a memorable one of business and slight chaos but predominantly filled with laughter and enjoyment with my classmates.

First and foremost we began at school in Harpenden in the gradually rising heat of around 23 degrees and made our way to the minibus, which set off on our short ride to Harpenden train station. We boarded the bustling train filled with people and took our seats where we sat and made conversations as well as took many selfies with our friends. After what seemed like an endless journey we eventually found ourselves at Blackfriars. We made our way down the escalators and proceeded through a tunnel to find ourselves at the V&A entrance!

After a much fulfilling and deeply observational look around the museum we brought our visit to a close at around 2 o'clock and exited back into the tunnel where we unexpectedly diverted and found ourselves in front of the breath-taking Natural History Museum building.

Thereafter we made our way back to South Kensington Station and entered the train where we gave up our seats for others in need and tried to stand and balance whilst the train jolted and jerked. This was very amusing (we struggled to conceal our hysterical laughter) and we continued this despite some seats coming available along the journey.

Following leaving the tube, we were back a second time at Blackfriars and we were all ravenous for something to eat. Much to our satisfaction, on the platform stood a Costa suitable to quench our appetites. After purchasing an array of food and drinks we cheerily but patiently waited for the Thameslink train home.

We climbed onto a train once more at 14:25 and successfully found a carriage with enough unoccupied seats for everyone to sit together.

Although we were all mostly exhausted by this time, we chattered about the brilliant adventure around the museum and our best-loved parts of exploring around. We also discussed our vast ideas for various pieces of our artwork yet to be created. After what seemed like a swift journey back to Harpenden station we jumped off the train and plodded through the barriers and back to school.

Geography Field Trip

On Monday 7th July a group of six year 10s headed off to Calshot for our annual geography field trip. After our delayed start and a slight hiccup at the petrol station we were off.

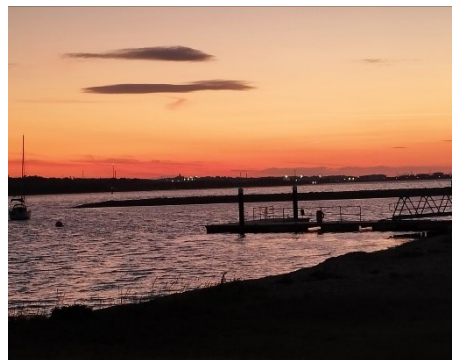

We started at Lyndhurst collecting data for the human part of paper 3 exam. Everyone did really well by asking members of the public to complete questionnaires, they also completed traffic surveys and environmental quality assessments. There was even time for an ice cream!

Next, we headed to the New Forest to look at river meanders, slip off slopes and river cliffs. Barton-on-sea was next on our list to match up the cliff erosion we had seen in our textbook with the real life cliff. Lastly, we went to Highcliffe to look at sea defences and to have a paddle in the sea before heading to Calshot Activity Centre.

Once we were settled in and had our dinner, it was time for activities of sliding down an artificial slope on inflated rings and then climbing up the climbing wall.

Tuesday was time to collect some physical geography data, so we measured the pebbles along the spit to see if they did indeed change size due to erosion. We then headed to Lepe National Park to look at tourism and another paddle in the sea. After eating our picnic, we then headed for Hythe Marina to look at the lock, houses and boats.

Everyone had a great trip, a big thank you to Ms Townsend for driving us all around everywhere.

Fun Day

On Saturday 5th July, the school community came together to enjoy a few hours of fun and fellowship at our annual Fun Day! Whether it was challenging once another on the inflatable Gladiator Duel; soaking Mr Reeves in the stocks; transforming into a different character with face paint; getting creative in the craft tent or enjoying a delicious hot dog from the BBQ; there was something for all to take part in. Massive shout out to PTC for their generous voluntary time given to bless everyone with a fun afternoon. Also well done to Ms Townsend and the Yr 9 &10 business students for running stalls that we all thoroughly enjoyed.

Nest Boxes for Sale

Year 7 Design and Technology students have worked together to produce these nest boxes. The ones with holes are for Blue, Great and Coal Tits; the open front ones are suitable for Robins and Flycatchers. They are available for £15 each. Please contact the school office if you would like to purchase one.

Year 2: Photography in Computing

This half term, Year 2 had a fun introduction to digital photography in their Computing lessons. They learned how to position a subject, check the background, and ask permission before photographing people. Exploring the school grounds, they captured photos of buildings, nature, and small details they spotted along the way. It was a great chance to develop observation skills and creativity—here are some of their fantastic photos!

Bible After School Club

The club is open to pupils in Years 1 to 4, Mondays, Wednesdays and Thursdays. Songs of praise, along with the sound of dancing feet, can be heard in each session. They learn Bible stories and eat together. Leaflets and registration forms available from Mrs Ball in Reception.

Tribute to Iyanu

Iyanu Olayimika was a much loved pupil in her time at The King's School. Joining us in Year 2 back in 2011, Iyanu spent 10 years at the school. She is pictured here with some of her Leavers 2021 cohort in their hoodies. Iyanu was fun-loving, able to bring a smile to one's face, even amidst challenging situations. Iyanu had great resilience and determination, showing a willingness to push through and complete tasks, whether academic or physical. She continued in this vein post-King's and was most recently successfully working through her second year of a Journalism degree at the University of Hertfordshire. It is during this time that she tragically became ill and very sadly lost her life on 28th May 2025. Iyanu made others feel special and included, and it is this generosity of spirit that saw her presented with the Michelle Hulford Award in her final year. Like Michelle, Iyanu died far too young but we know they both had a rock-solid faith in Jesus that sees them spending eternity with Him. Our prayers are with her Dad, Jimi, and brother Ire, also a former King's pupil who finished just last summer. Love to you both from us all in The King's School community. Andy Reeves.

The King's School Harpenden
Bible After School Club

Come join us as we go on an exciting journey through the Bible.

Activities include:

- Art/ Craft
- Music (song writing, worship)
- Dance
- Acting (role play, miming, drama)
- Creative Writing (Bible stories, poetry)
- Bible quizzes

Years 1-4!
MONDAYS, WEDNESDAYS, THURSDAYS
TIME: 3:30 - 5:30

COSTS £10 PER SESSION (a day)

GCSE Art Exhibition—By Neve Janbey Y9

On the 18th of June 2025, the annual art exhibition took place - a yearly display of the finished products of the year 11's GCSE artwork. Each year this spectacle is undoubtedly a highlight of the school year, and I have attended with my family for several years. I have noticed that each year is unlike and rare in comparison to the other; it showcases the students own unique and individual results which is remarkably interesting as it reflects each person's originality and character. The display included: pottery, 3D art, pastel drawings, as well as oil, mixed media and acrylic paintings along with numerous outstanding, factual sheets.

Along with the captivating and incredible artwork, there was an attractive and mouth-watering grazing table piled high (which was a piece of art in itself) for guests nibble on. During set up, in which I helped, it was explained to me that it creates an experience for the guests during the exhibition. It lures people in and engages people to discuss the artwork they are encountering at the exhibition. I find it is fascinating that art is so powerful that it can bring events together where you can socialise and meet different people.

As I am just at the beginning of my art journey (despite the end result seeming overwhelming and faraway) I have found it really beneficial and advantageous to take a glimpse of different perspectives and paths I could follow in my journey. I have undeniably come away from this experience collecting ideas and inspiration.

Primary Sports Day

On Thursday 3rd July we enjoyed a wonderful afternoon of fun and friendly competition, made even better by the beautiful weather. The Primary children all took part in Sports Day and gave their best effort in every race. Congratulations to our overall winners, *Campbell*, but we are incredibly proud of everyone who participated — the enthusiasm and sportsmanship on display were fantastic! A big thank you goes to Mrs. Weldon for stepping in to run the event, and to all the adults who helped out to ensure everything ran smoothly. A big thank you to Nathan Reeves also, for giving up an afternoon to count house points. We couldn't have done it without you!

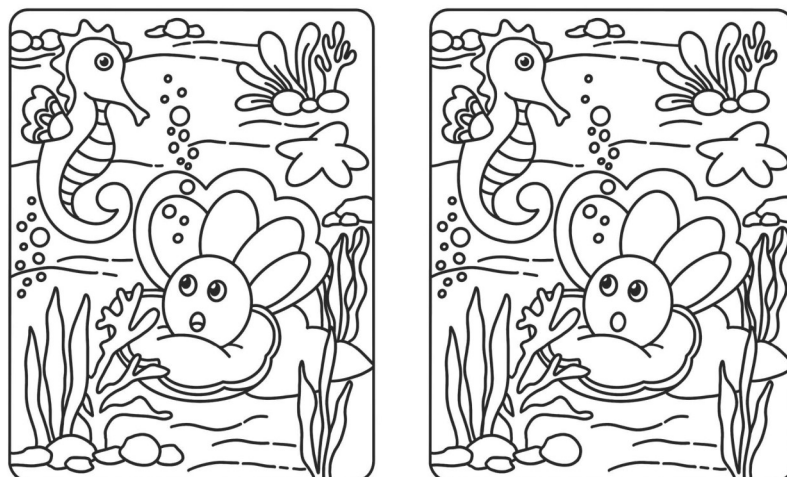

New growing beds for Primary

Year 8 Design and Technology students planned, designed, built and filled these two raised beds for use by our primary school students to grow vegetables and flowers. With the help of Mr Edwards, who cut the sleepers to length, the students learned various construction techniques and used different tools to complete these beds. They also had to move over two tonnes of soil into the beds, which they did in less than an hour!

The last memory verse of the summer term:

MAKING DISCIPLES AND INFLUENCING OTHERS

Go and make disciples of all nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit.

Matthew 28:19-20
